Berkeley, CA

EXPERIENCE

Google News Initiative Fellow, *Bay City News*

May 2022 - Present | Berkeley, CA

I started as a summer intern and got rehired through the Google News Initiative Fellowship.

Published several features and more than 30 daily news stories, including election updates, housing plans, traffic fatalities and environmental issues in the Bay Area. Stories got cross-posted by The Mercury News, SF Gate, NBC Bay Area and other news outlets.

OSINT Investigator, *Human Rights Center, UC Berkeley*

Sept. 2022 - Dec. 2022 | Berkeley, CA

Worked on the global Digital Verification Corps team to help seek and identify videos of potential police brutality against protesters.

Used OSINT skills such as advanced searching and geolocation (Google Earth) to analyze and verify sources of content.

Health & Environmental Reporting Intern, *Southern Weekly*

Sept. 2020 - May 2021 | Beijing, China

Pitched and wrote features on environment and health, including the growing demand of palliative care for older adults and updates on COVID-19.

Investigated how China's ban on waste imports impacted the global waste trade. It was the week's most popular story with more than 100 thousand views.

Data Journalism Fellow, *Caixin Media*

Feb. 2020 - July 2020 | Beijing, China

Pitched and produced data stories on human rights issues, such as child trafficking in China and how COVID-19 impacted different communities. An interactive data project on COVID-19 deaths I contributed to was named Sigma Awards 2021 Shortlist.

Analyzed and created data visualizations for projects using Excel, Google Sheets, Illustrator and Tableau.

News Reporter, *The Daily Texan*

Sept. 2018 - Dec. 2018 | Austin, TX

Pitched three story ideas every week, mainly covered campus events and student affairs topics.

Published 10 articles on the newspaper or online, topics included single-parent students, international health insurance, transfer students and plastic pollution among others.
